### **Notice**

Date: 20/01/2022

We are pleased to inform you that the Department of mathematics, Swami Keshvanand Institute of Technology, Management & Gramothan (SKIT), Jaipur (Rajasthan), India is organizing an International Conference on "Mathematical and Statistical Computation (ICMSC-2022)" during 3-5 March, 2022.

- There is no registration fee for SKIT faculty & students.
- E-Certificate will be issued to all registered participants.
- The event will be held on Cisco WebEx platform.
- WebEx joining link will be sent to all registered candidates one day before the event.

For more details you can visit the conference website <http://icmsc.skit.ac.in/> or mail your query at conference email id [icmsc@skit.ac.in](mailto:icmsc@skit.ac.in) . The participants have to register online through the given links-

Subject: Proposal for extending technical association for the International Conference on Mathematical and Statistical Computation (ICMSC-2022).

Dear Sir,

In context of the above subject, it is submitted here that Department of Mathematics is planning to organize a three day International Conference on Mathematical and Statistical Computation (ICMSC-2022) from 3<sup>rd</sup> to 5<sup>th</sup> March 2022 in virtual mode.

It would be an honor for us if you could kindly accept our proposal to extend technical association for the conference.

Looking forward to your kind response.

Yours sincerely,

Subject : Technical Association for the Conference (ICMSC-2022) by Rajasthan Academy  
of Physical Science, Jaipur

Dear Sir,

Please refer to your letter SKIT/B.Tech. I Year/2021-22/013(A), Dt.10.02.2022. I wish to write you that the Executive Body of RAOPS has decided to extend Technical Association to the Conference ICMSC-2022 being organized by the Department of Mathematics, SKIT,Jaipur.

Yours Sincerely,

Prof. S.P.Goyal  
Treasurer and Chief Editor

## **Objectives of Conference**

The main objective of the “**International Conference on Mathematical and Statistical Computation**” (ICMSC-2022) is to encourage all teachers of UG/PG levels, research Scholars and technical researchers of various institutions of the country for upgrading their knowledge on recent advances in the field of mathematics and statistical computation. One of the goals of ICMSC-2022 is to give specialists a world-class stage to disseminate research discoveries by using innovative means of lecturing and presenting. Experts associated with different fields of mathematics and statistics are invited to share their knowledge with us.

## **Outcome of Conference**

Expected outcomes of the conference are to:

- 1) Disseminate research discoveries by using innovative means of lecturing and presenting.
- 2) provide a platform to the participants to upgrade their knowledge on recent advances in the field of mathematical and statistical computation.

## About SKIT, Jaipur

Swami Keshvanand Institute of Technology, Management & Gramothan (SKIT) inspired from the learnings of Swami Keshvanand, was established in the year 2000 by Technocrats and Managers Society for Advanced Learning. Today the institute is recognized as one of the centres of academic excellence in Northern India. The institute is affiliated to Rajasthan Technical University (RTU), Kota for offering Ph.D, Postgraduate and Graduate Courses in Engineering and Management. The institute is approved by All India Council for Technical Education (AICTE), New Delhi. Engineering branches are accredited by National Board of Accreditation (NBA), New Delhi and also by Institute of Engineers, Kolkata. Located in the Pink City Jaipur, which is a blend of traditional history and modern outlook, SKIT is putting in efforts for making industry ready engineers and managers through effective Institute-Interface. Apart from university curriculum SKIT also pursues activities for research and development in various fields. SKIT has been consecutively ranked No.1 in engineering programmes for 5 years from 2017-18 to 2021-22 in Rajasthan by Rajasthan Technical University (RTU), Kota. For further information visit: [www.skit.ac.in](http://www.skit.ac.in)

## About The Department

The Department of Mathematics, teaches various topics in Mathematics to Under Graduate and Post Graduate students of different Engineering and Management courses. In alignment to the vision & mission of the institute, the Department has put consistent and dedicated efforts towards achieving excellence in research and teaching. Besides teaching and fulfilling various administrative responsibilities, the faculty members are also actively engaged in quality research in the areas of Applied Mathematics. To keep in touch with the ever-growing technological developments in the relevant fields, the members regularly participate in refresher courses, symposia, seminars and conferences organized by various universities and research institutions all over the country. They also hold memberships of various national academic bodies and societies.

## About The Conference

The main objective of the "International Conference on Mathematical and Statistical Computation" (ICMSC-2022) is to encourage all teachers of UG/PG levels, research Scholars and technical researchers of various institutions of the country for upgrading their knowledge on recent advances in the field of mathematics and statistical computation. After acceptance by the reviewer committee, the selected papers will be published in special issue of any SCOPUS indexed journal/UGC care journal/SKIT research journal.

## Themes of the Conference

- Computational Science and Engineering
- Pure Mathematics
- Relativity
- Fluid Mechanics
- Computational Fluid Dynamics
- Optimization and Its Applications
- Industrial Mathematics
- Fractional Calculus
- Special Functions
- Geometric Function Theory
- Numerical Analysis
- Cryptography and Neural Network
- Graph Theory
- Differential Equations and Its Applications
- Number Theory
- Mathematical Modelling
- Probability Theory and Stochastic Process

## **Summary of different Sessions**

The three-day International Conference on Mathematical and Statistical Computation (ICMSC 2022) was organized by the Department of Mathematics, Swami Keshvanand Institute of Technology, Management and Gramothan, Jaipur in association with Rajasthan Academy of Physical Sciences (RAOPS), Jaipur, from 3<sup>rd</sup> to 5<sup>th</sup> March, 2022, on Cisco Webex online platform.

### **Technical session 1**

The conference witnessed its inaugural ceremony on 03.03.2022, at 9.00 am. Dr. Indranil Ghosh, from university of North Carolina, Wilmington, USA, was the Chief Guest, and Prof. S.P. Goyal, Former Emeritus Scientist, Chief Editor of RAOPS, was Guest of Honor of the ceremony. Mr. Jaipal Meel, Director-SKIT, welcomed the guests and participants. Dr. Indranil Ghosh, in his speech during the ceremony, elaborated the significance of the conference and Prof. S.P. Goyal spoke about RAOPS, Jaipur, in detail. During the ceremony, Prof. Rohit Mukherjee, Incharge - B.Tech. I year, presented a brief description about SKIT. At the end of the ceremony, Prof. Amber Srivastava, Head-Department of Mathematics, SKIT, proposed the vote of thanks.

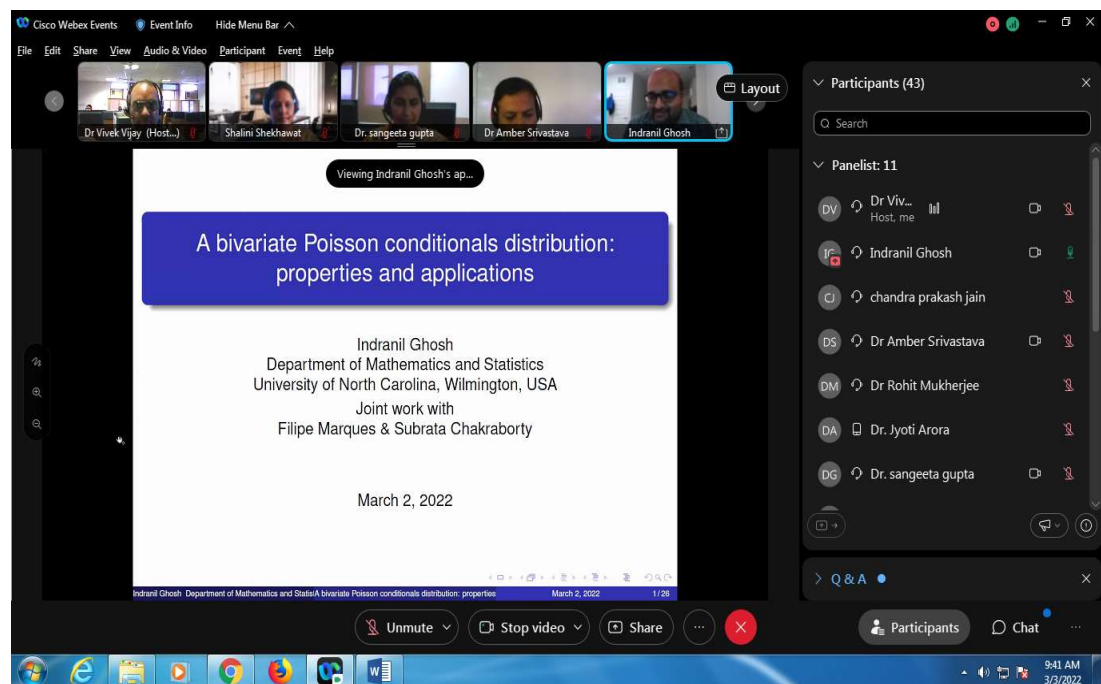

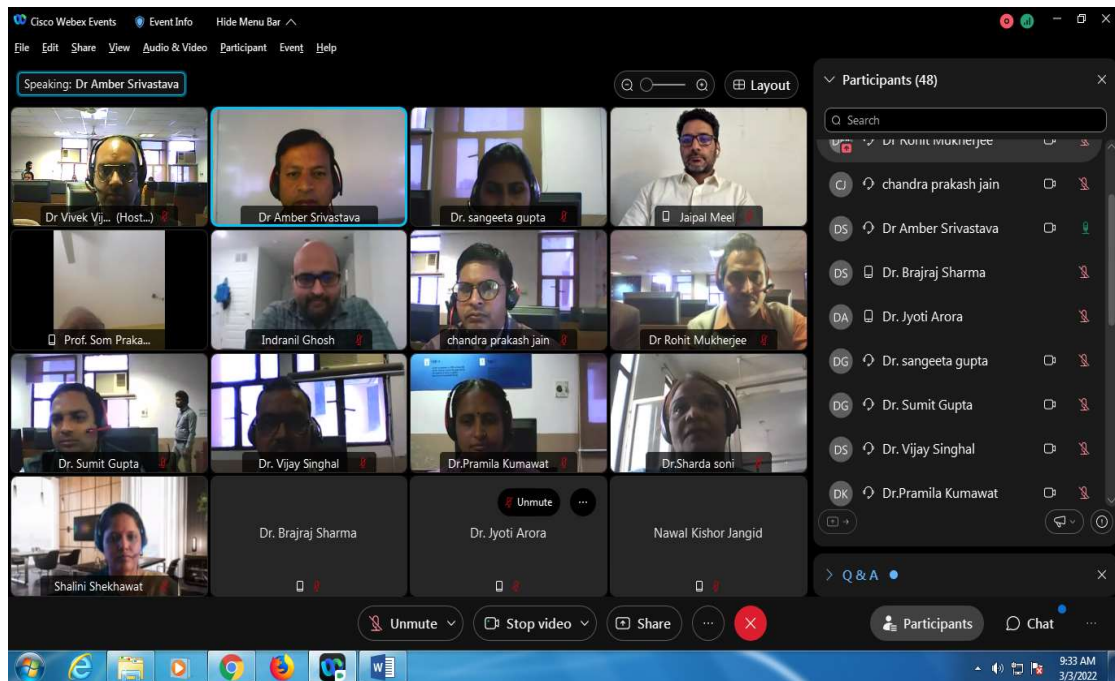

In this session our first speaker - Dr. Indranil Ghosh, from university of North Carolina, Wilmington, USA, delivered his talk on - *“A Bivariate Poisson Conditional Distribution: Properties & Applications”*.

The second talk was delivered by Prof. P G Siddheswar, Senior Professor, Christ University, Bangalore. He talked about bench-mark driven-lid problem and introduced a hybrid and a pseudo-time-derivative method. The session was moderated by Dr. Shalini Shekhawat, Assistant Professor, Department of Mathematics, SKIT

The session continued with paper-presentation by various presenters from all over India. Total 10 papers were presented in this session. The presentations covered various topics like *“Representation of Groups as Graphs”*, *“Bertrand's Postulate and Some of its refinements”*, *“Application of Assignment Problem in Triangular Fuzzy Number”*, *“Sums of Finite Product of Chebyshev Polynomials of Third and Fourth Kind and Fibonacci and Lucas Numbers”*, *“Fuzzy*

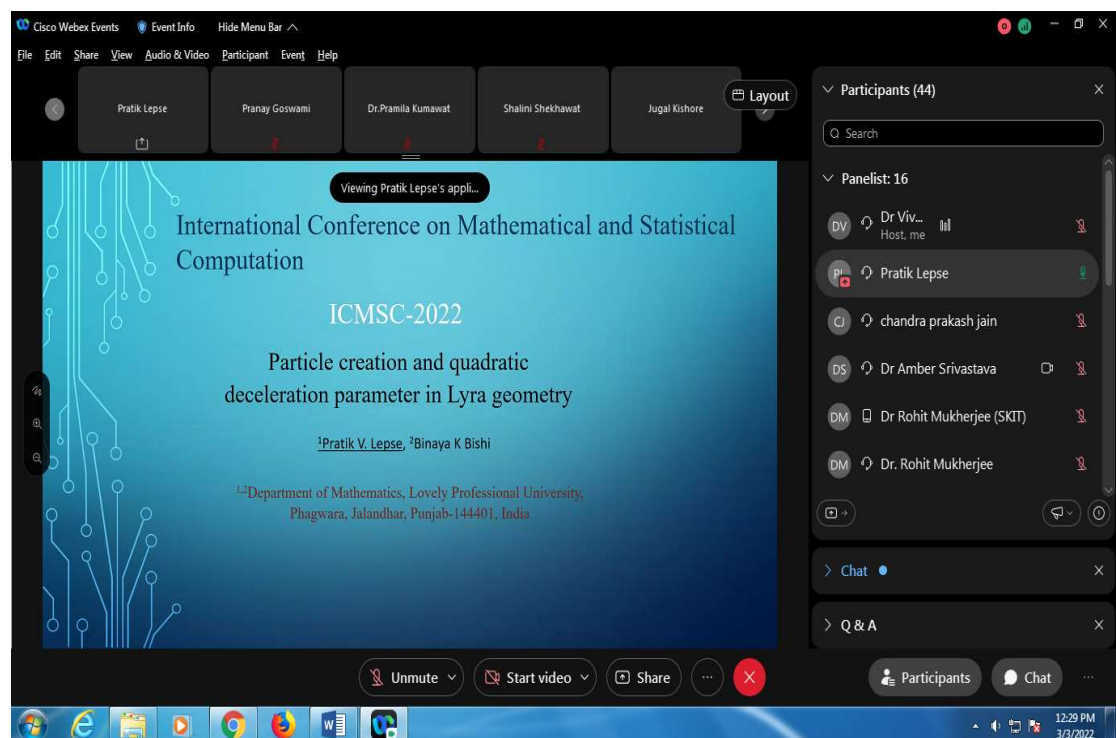

*soft matrix in medical application*”, etc. which were all well explained by the presenters.

In the end, the session was concluded with a group photograph of all the panelist.

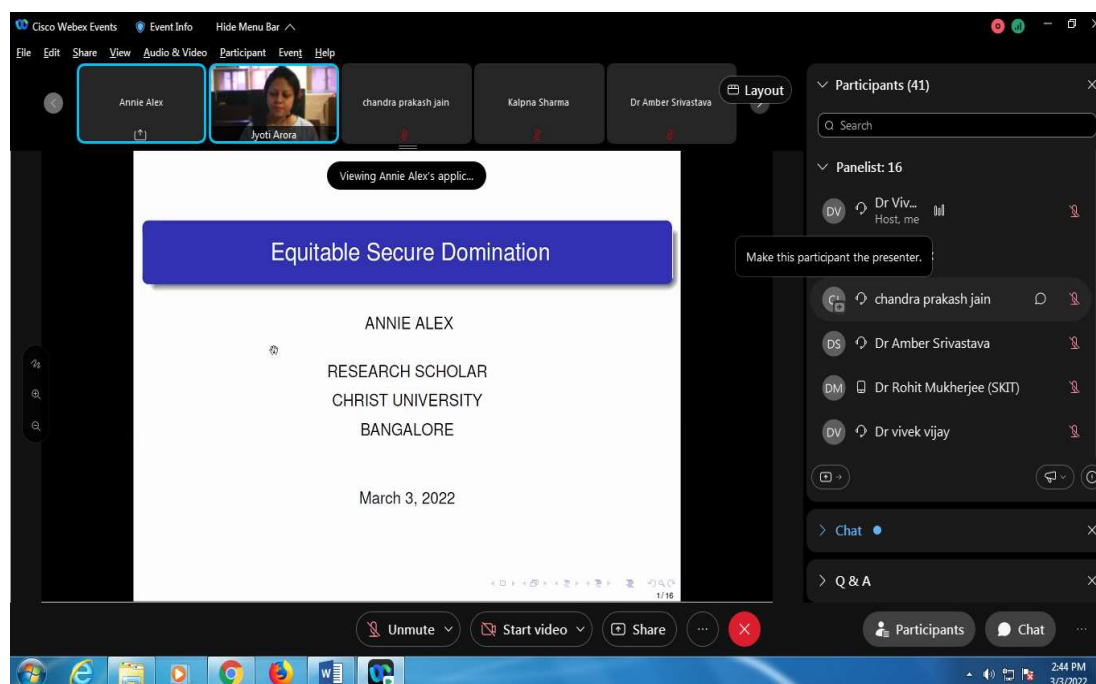

## Technical session 2

This session continued with paper-presentation and total 12 papers were presented. The presentations covered various topics like “*Inverse Domination in*

*Interval Graphs”, “Vertex labeled Zagreb Indices of signed graphs”, “An Efficient Dominating Set of an Interval Family by Using an Algorithm”, “Seidel, Seidel Laplacian and Seidel signless Laplacian eigenvalues of the zero-divisor graph”, “Zero Forcing Number of Graphs and Splitting Graphs”, etc.*

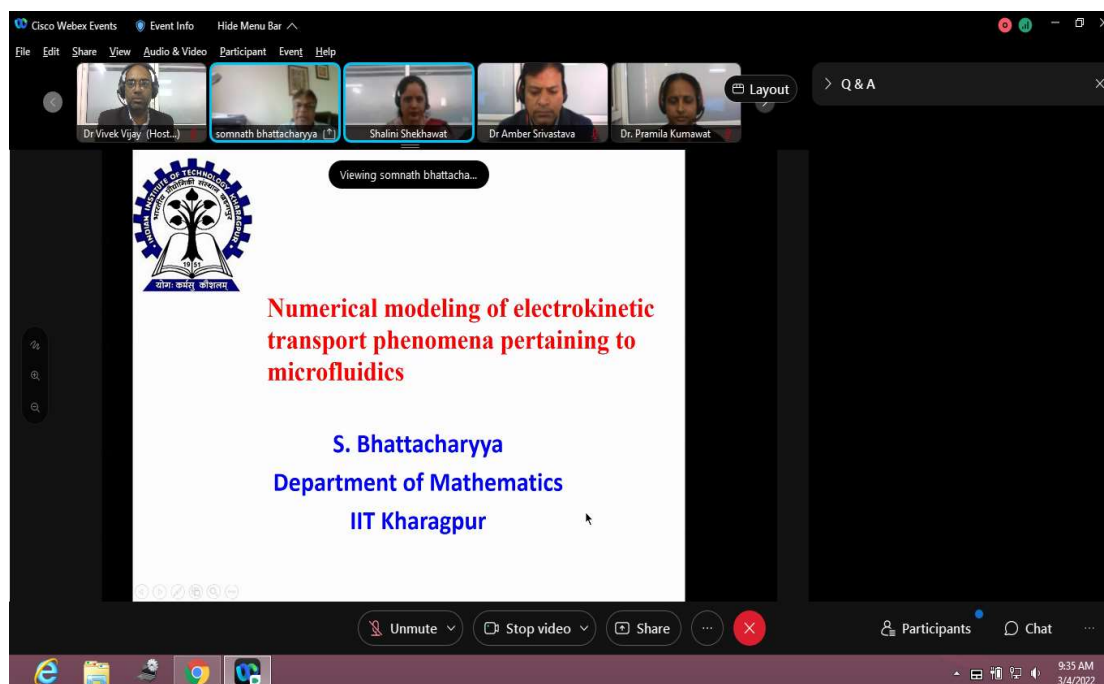

The session was moderated by Dr. Jyoti Arora, Associate Professor, Department of Mathematics, SKIT. The session was chaired by Dr. Kalpana Sharma, Professor and Head, Department of Mathematics & Statistics Manipal University Jaipur and Dr Lata Chanchlani, Assistant Professor, Department of Mathematics, University of Rajasthan, Jaipur.

### Technical session 3

In this session our first speaker was Prof. Somnath Bhattacharyya, from IIT Kharagpur. He delivered his talk on the topic *“Numerical Modelling of electrokinetic transport phenomena pertaining to microfluidic”*. In his talk he discussed Microscale Transport Phenomena, Nernst-Planck equations and its modified form etc. The second talk was delivered by Prof. Chandrashekar, from BITs Pilani, Rajasthan. He delivered his talk on the topic *“The real-life problems: The state-of-the-art probabilistic approach”*. In this talk he discussed various real-life applications of probability theory using Queuing theory, Inventory system, Machine repair problem, Particle Swarm Optimization etc. The session was moderated by Dr. Shalini Shekhawat.

The session continued with paper-presentation and total 10 papers were presented. The presentations covered various topics like *“Plankton-fish system”*, *“Three species stage structured predator – prey model”*, *“delayed SIR epidemic model with saturated treatment”*, *“Fractional Integral”* etc. which were all briefly explained by the presenters. The Paper presentation session was chaired by Dr. Vijay Kumar Singhal, Assoc. Prof. SKIT, Jaipur and Dr. Vinita Gupta, Asst. Prof. Thakur Inst. of Technology, Mumbai. The session was very informative.

**Hydrophobic Surfaces in Nature**  
Microstructures: Drag Reduction, Self-Cleaning

The slide displays various microstructures and their applications, including images of lotus leaves, butterfly wings, and diagrams illustrating the self-cleaning and drag reduction properties of these surfaces. The diagrams show water droplets on different surface textures, with labels for 'solid', 'water', and 'air'.

## Technical session 4

In this session the Plenary Talk was delivered by Prof. Abdon Atangana, from university of Free State, South Africa, on the topic “*New Trends in*

*Epidemiological Modeling*” and discussed about numerous disease outbreaks which have led to death, societal upheaval, and economic disruption. The session was moderated by Dr. Pramila Kumawat, Associate Professor, Department of Mathematics, SKIT.

The session continued with paper-presentation and total 10 papers presented. The presentations covered various topics like *“Unsteady MHD motion and heat transfer over an expanding/shrinking sheet in a hybrid nanofluid with non-linear thermal radiation”*, *“Numerical Solution of Steady Heat Flow Problem Using Finite element Method”*, *“Reliability Analysis for GDC System in Piston Foundry Plant”*, *“Optimal Inventory policy for deteriorating items with Preservation Technology investment and completely backlogged shortages”*, etc.

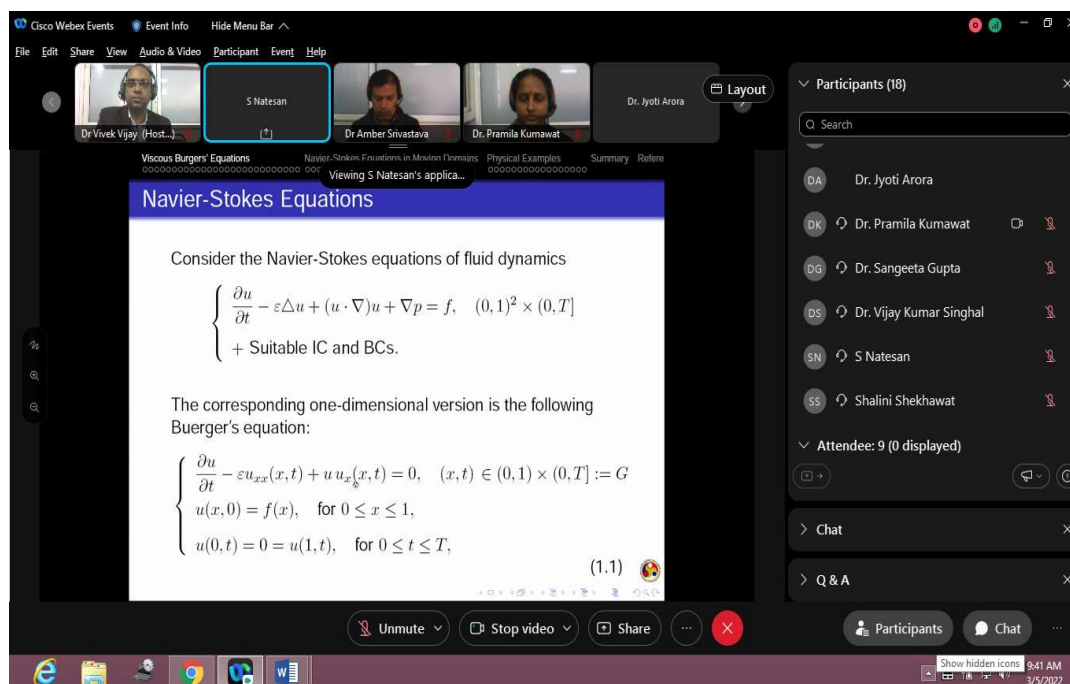

## Technical session 5

In this session our first speaker was Prof. Natesan Srinivasan, Department of Mathematics, IIT, Guwahati. He delivered his talk on the topic *"Moving Mesh Methods for Burgers and Navier-Stokes Equation"*.

The second talk was delivered by Prof. Trilok Mathur, Department of Mathematics, BITS, Pilani. His title of talk was *"Applications of Fractional Calculus in Neural Networks"*. The session was moderated by Dr. Vivek Vijay, Assistant Professor, Department of Mathematics, SKIT.

The session continued with paper presentations total 17 papers were presented. The session was chaired by Dr. Jyoti Arora, Associate Professor, Department of Mathematics, SKIT and Dr. Ritu Agarwal, Assistant Professor, MNIT, Jaipur.

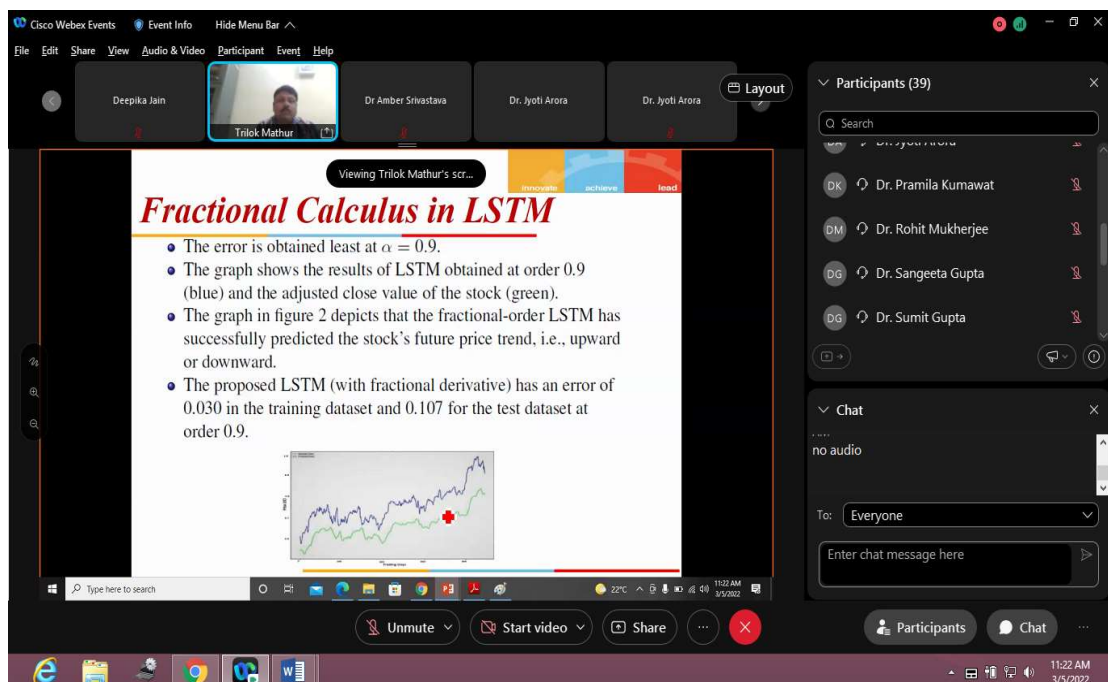

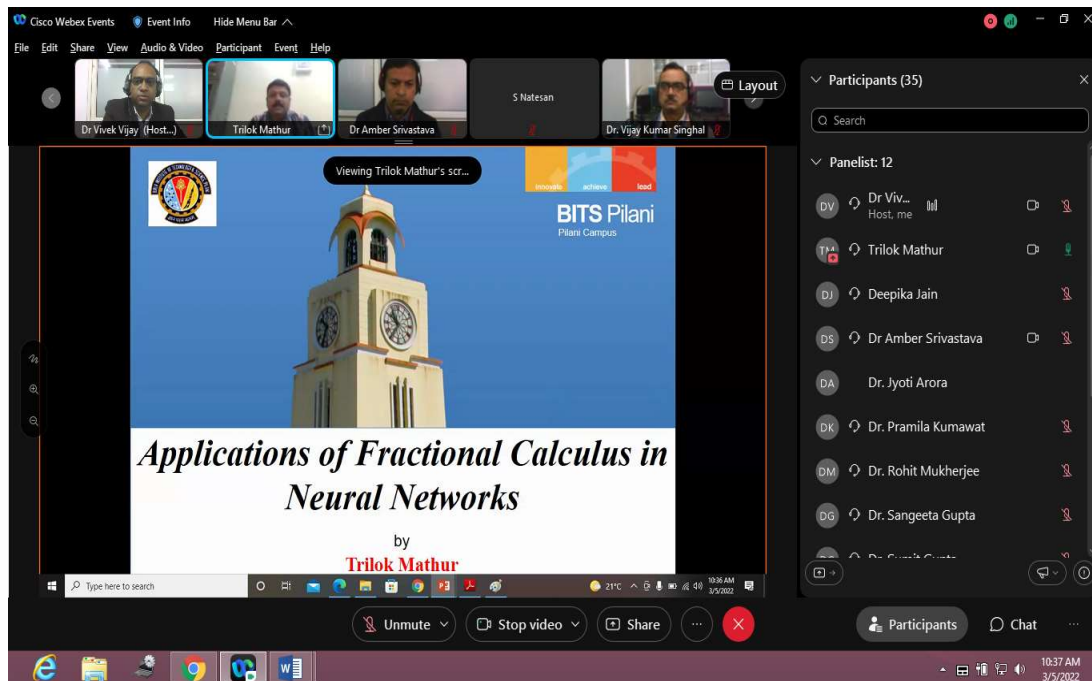

The presentations covered various topics like *“Petri net approach for Deadlock Detection and Recovery in Automated Guided Vehicle”*, *“Study to mitigate covid-19 pandemic effects with help of blockchain technology”*, *“Improved Spectral Angle Mapper Algorithm for Classification of Hyperspectral Imagery”*, *“Design and Development of Orthomorphic and Reconcilable Ultra-Wide Band Antenna for Wearable Applications”*, *“Business analysis using queuing model with mixed arrivals and reneging of customers”*, etc.

## Valedictory session

The valedictory session of the Conference was organized on 5<sup>th</sup> March, 2022 after technical session 5. The Chief Guest of the valedictory session was Professor Chandrashekhar from BITS, Pilani. Prof. Rohit Mukherjee (Incharge B. Tech. I year, SKIT), Prof. Amber Srivastava (HOD-Mathematics, SKIT) with all members of the Department and participants were present. Dr. Shalini

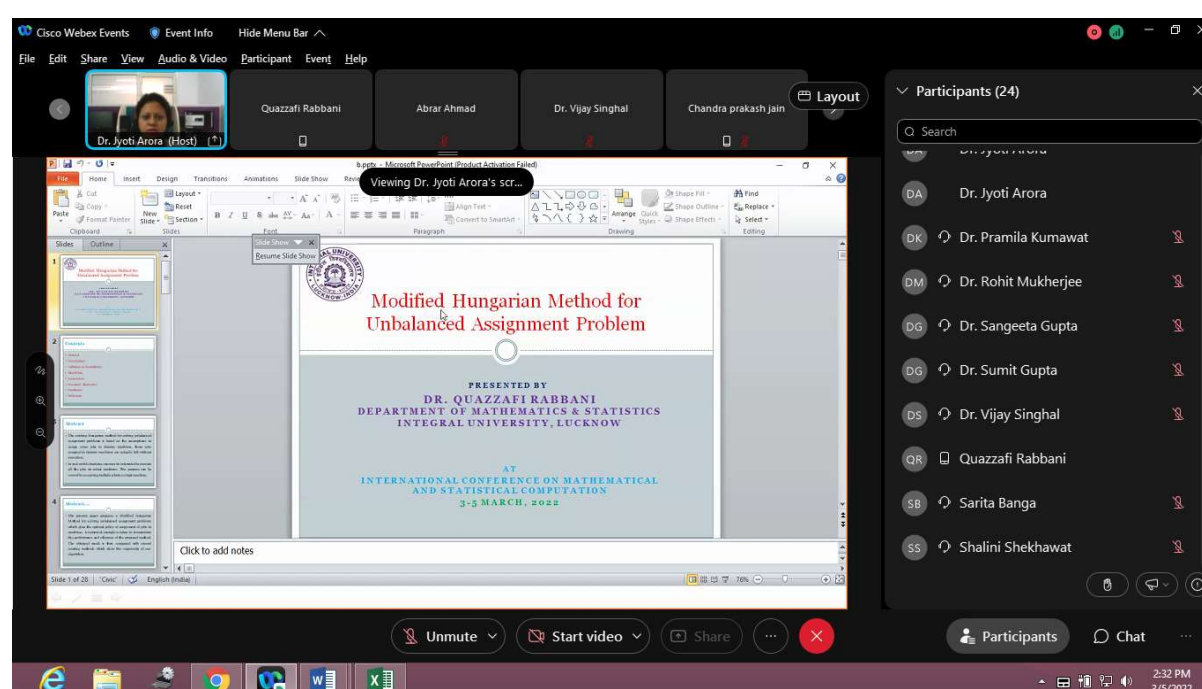

Shekhawat presented the report of the conference and Dr. Sangeeta Choudhary proposed the formal vote of thanks.

The session continued with paper-presentation by various presenters from all over India who presented their valuable work, research papers and creative ideas. There were in total 17 papers presented in the session. The session was chaired by Dr. Jyoti Arora, Associate Professor, Department of Mathematics, SKIT and Dr. Ritu Agarwal, Assistant Professor, MNIT, Jaipur. The presentations covered various topics like *“Petri net approach for Deadlock Detection and Recovery in Automated Guided Vehicle”*, *“Study to mitigate covid-19 pandemic effects with help of blockchain technology”*, *“Improved Spectral Angle Mapper Algorithm for Classification of Hyperspectral Imagery”*, *“Design and Development of Orthomorphic and Reconcilable Ultra-Wide Band Antenna for Wearable Applications”*, *“Business analysis using queuing model with mixed arrivals and reneging of customers”*, etc. which were all briefly explained by the presenters.

In the end, the session was concluded with a group photograph of all the panelist.

The screenshot shows a Cisco Webex meeting interface. The main window displays a presentation slide titled "4. Algorithm". The slide content is as follows:

Let us consider a problem in which a set of 'n' jobs  $J = \{J_1, J_2, \dots, J_n\}$  are to be assigned to 'm' machines  $M = \{M_1, M_2, \dots, M_m\}$  for execution. The execution cost  $C_{ij}$ ,  $i = 1, 2, \dots, m$ ;  $j = 1, 2, \dots, n$  ( $n > m$ ), i.e., number of jobs is more than number of machines. Here m represent in rows and n in columns.

Step 1- Input:  $m, n$

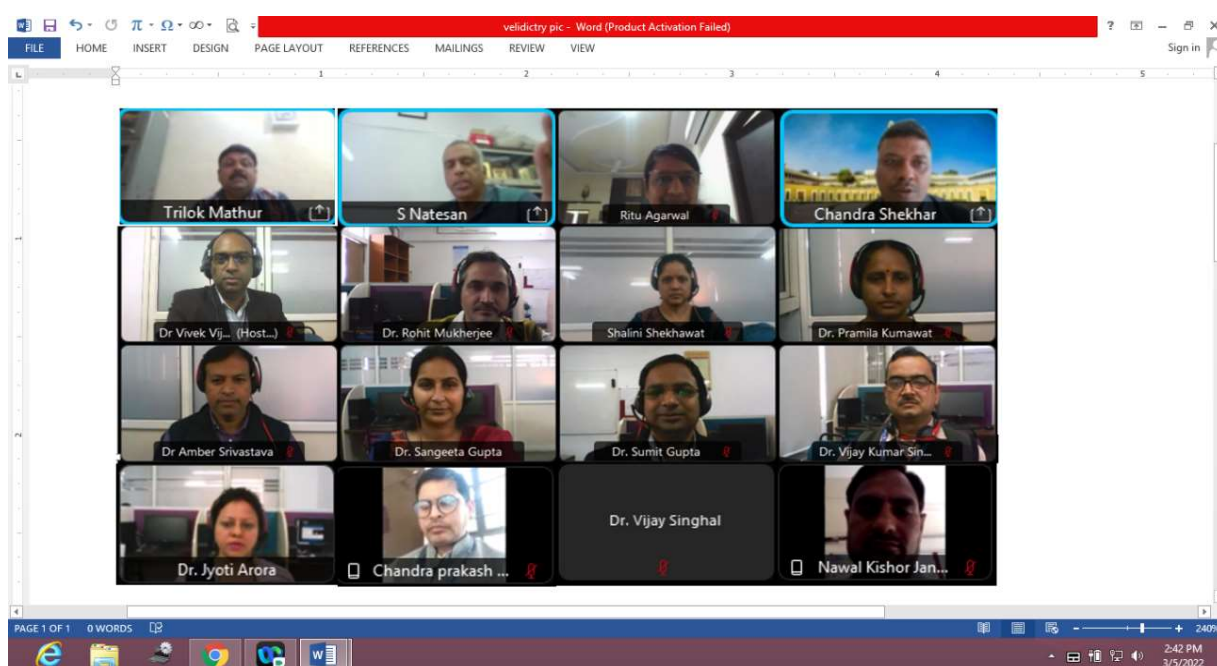

Step 2- Find the minimum cost in each column and subtract the same from the respective column. This operation creates at least one zero in each column.

The meeting interface includes a top menu bar with options like "File", "Edit", "Share", "View", "Audio & Video", "Participant", "Event", and "Help". A sidebar on the right shows a list of 25 participants, including Dr. Jyoti Arora, Dr. Pramila Kumawat, Dr. Rohit Mukherjee, Dr. Sangeeta Gupta, Dr. Sumit Gupta, Dr. Vijay Singhal, Nawal Kishor Jangid, Quazzafi Rabbani, and Sarita Banga. The bottom status bar shows the time as 2:34 PM on 3/5/2022.

## Valedictory session

The top menu bar includes options like "File", "Edit", "Share", "View", "Audio & Video", "Participant", "Event", and "Help". A sidebar on the right shows a list of 25 participants, including Dr. Viv..., Chandra prakash jain, Chandra Shekhar, Dr. Amber Srivastava, Dr. Jyoti Arora, Dr. Pramila Kumawat, and others. The bottom status bar shows the time as 2:40 PM and a battery status of "Fully charged (100%)".

The valedictory session of the three days international conference was organized on 5 march 2022 after technical session 5. The chief guest of this valedictory session Professor Chandrashekhar from BITS, Pilani, Prof. Rohit Mukherjee (Incharge B. Tech. I year, SKIT), Prof. Amber Srivastava (HOD Mathematics, SKIT) with all members of department and participants were present.
