ALUMNI ASSOCIATION  
Feedback Analysis  
General Suggestions given by Alumni  
Session: 2020-2021

Alumni filled the google form which was circulated to them for their feedback and suggestion because this year annual alumni meet could not be organized at campus due to covid.

The suggestions are as follows:

It is important to provide real-life problem-solving industry-oriented knowledge. More sessions with industry experts can guide the students. Alumni meetings with students should be more frequent to share industry relevant knowledge so that current students can prepare themselves better for professional world challenges.

Medical facility in the institute should be round the clock.

There is high need to develop startup culture.

Regular industry visits will build confidence in students. Alumni's can be reached out via Alumni meets in different cities as done previously.

The institute's focus on CS/IT placements is extraordinary. Other branches especially CE, EC and EE need more focus for inviting companies of core branches. Also, we should motivate students to find the real engineering solutions for the existing industrial problems.

This feedback is forwarded to authorities for necessary action.
