About ICANCT 2021

International Conference on Advancement in Nanoelectronics and Communication Technologies (ICANCT- 2021) is a three day conference which aims at presenting current researches being carried out in the areas of Communication, Nano electronics, Photonics, Wireless Communication, Mobile Communications, Antenna and Wave Propagation, Optical Communication, Image Processing, Internet of Things, Machine Learning, Artificial Intelligence, Embedded System and VLSI technology for scientists, scholars, engineers and students from the universities, technologists, entrepreneurs and policy makers all around the World. Thus the conference intends to bring together the best minds from around the world to cover literally all aspects of energy technology from a multi-disciplinary perspective.

Scope of the Conference

1. Communication Engineering	10. Optical Fibers and Devices
2. Signal and Image Processing	11. Nano Electronic Devices
3. Communication Networks	12. Nano Structures
4. Wireless Communication	13. Nano-Medical Devices
5. Antennas	14. Nano Composites
6. Performance of mobile and Wireless Networks	15. Embedded System and VLSI Design
7. Photonics Communication	16. Image Processing
8. Optical Signal Processing	17. Internet of Things and Machine Learning
9. Integrated Photonics	18. Artificial Intelligence

Important Dates

Abstract Submission Open: **October 30, 2020**
 Deadline for Abstract Submission: **January 10, 2021**
 Notification of Acceptance : **January 15, 2021**
