Name of the event: An Expert Lecture on “Foundation of Calculus: A Journey Through Change”

Date of the event: 3 April 2026

Venue of the event: J. C. Bose Seminar Hall,

Glimpses of the Event

SDG Mapped 4

The Department of Mathematics, Swami Keshvanand Institute of Technology, Management and Gramothan organized an expert talk on the topic “*Foundations of Calculus: A Journey Through Change.*” The session aimed to enhance student’s understanding of calculus and its practical relevance in engineering. The keynote speaker Dr. S. D. Purohit from Rajasthan Technical University, Kota delivered an insightful lecture highlighting the significance of calculus in solving real-world engineering problems. He explained fundamental concepts and demonstrated how calculus serves as a backbone for various engineering applications, encouraging students to build strong conceptual clarity. The event witnessed the presence of faculty members from the Department of Mathematics, including Prof. Pramila Kumawat and Prof. Ambar Srivastava, along with other staff members. The session was well-received by students, who actively engaged and benefited from the expert insights shared during the talk. The program was smoothly conducted by Dr. Shalini Shekhawat, ensuring effective coordination and engagement throughout the session.
